DAY 87

OVERVIEW

The snapshot provides a comprehensive overview of the ongoing humanitarian crisis in Gaza as of 2 January 2024, including casualties, particularly among women and children.

Significant damage has been inflicted upon critical infrastructure and essential services, affecting people's ability to maintain their dignity and basic living standards.

This snapshot highlights reported figures on the impact of hostilities on people in Gaza, where a major humanitarian crisis has unfolded.

*Sources: MoH Gaza

REPORTED CASUALTIES (Cumulative) as of 2 January 2024

Palestinians*

22,185 Reported fatalities in addition to ~1,000 fatalities in Israel, including people involved in the 7 October attack

~5,153 Women
~7,729 Children
as of 11 December 2023

Families with multiple fatalities

1,838

*Sources: Ministry of Health, Government Media Office

DAMAGE*

- Over **60%** of Gaza's housing units reportedly destroyed or damaged
- 370** education facilities reportedly damaged
- 11** bakeries reportedly destroyed
- 23** hospitals and **53** health care centres out of service
- 104** ambulances damaged
- 20** WASH facilities damaged
- At least **3** churches and **120** mosques damaged

*GMO as of 2 Jan

BASIC SERVICES AND LIVELIHOODS

FOOD SECURITY*

- 2.2 million** people at imminent risk of famine
- 2.08 million** people at Phase 3 (high levels of acute food insecurity) or above
- 930,000** people at Phase 4 (emergency levels)
- 378,000** people at Phase 5 (catastrophic levels) Phase 5 refers to extreme lack of food, starvation, and exhaustion of coping capacities.

*Source: IPC, 21 December

WATER AND SANITATION

- One** pipeline coming from Israel supply about 1,100 cubic metres per hour for the south area.
- No Access** to clean water in the northern governorates. Fuel shortage impacts: 60 water wells, 2 desalination plants, sewage stations and pumps, wastewater treatment.

INCOMING TRUCKLOADS

500 trucks including fuel pre-crisis average per working day in 2023

HEALTH

- Hospitals are under heavy strikes.
- The number of functioning hospitals has dropped from **36** to **13**.

At high risk

At least **1,000** kidney failure, **>2,000** cancer patients, **130** neonates in incubators

Critical shortages

of drugs, blood products and supplies (Fuel at the hospitals is being severely rationed)

EDUCATION

625K (100%) Students with no access to education
Over 69% of all school buildings have sustained damage.

Israelis**

Israel

Over 1,200*** Reported fatalities

1,162 identified fatalities, including at least **33** children

~5,400 Reported injuries

Gaza

171 Reported fatalities **983** Reported injuries

128 hostages remain in Gaza (including soldiers and foreign nationals)

** According to Israeli media citing official sources

*** The reported estimate includes foreign nationals

HUMANITARIAN OPERATION

- 144** UN staff killed: UNRWA: **142**; WHO: **1**; UNDP: **1**
- At least **326** health workers killed
- 40** Civil Defence killed while on duty
- 106** Journalists killed

MOVEMENT AND ACCESS

- Due to security incidents since its opening on 17 December, aid through Kerem Shalom was suspended between 25 and 28 December, but resumed on 29 December. All other Israeli-controlled crossings are closed.
- The Rafah crossing with Egypt is open for approved goods, and for the movement of some wounded and sick people, and aid workers.
- Access to the sea and to areas near Israel's perimeter fence is restricted.

DAY 88

OVERVIEW

The snapshot provides a comprehensive overview of the ongoing humanitarian crisis in Gaza as of 3 January 2024, including casualties, particularly among women and children.

Significant damage has been inflicted upon critical infrastructure and essential services, affecting people's ability to maintain their dignity and basic living standards.

This snapshot highlights reported figures on the impact of hostilities on people in Gaza, where a major humanitarian crisis has unfolded.

WATER AND SANITATION

- Two** out of the three water pipelines coming from Israel became operational as of 3 January.
- No Access** to clean water in the northern governorates. Fuel shortage impacts: 60 water wells, 2 desalination plants, sewage stations and pumps, wastewater treatment.

INCOMING TRUCKLOADS

The pre-crisis average per working day in 2023 was **500 trucks, including fuel.**

HEALTH

- Hospitals are under heavy strikes.
- 15** of Gaza's **36** hospitals are partially functional: 9 in the south and 6 in the north.

At high risk

At least **1,000** kidney failure, **>2,000** cancer patients, **130** neonates in incubators.

Critical shortages

of drugs, blood products and supplies (Fuel at the hospitals is being severely rationed).

EDUCATION

625K (100%) Students with no access to education.

Over 69% of all school buildings have sustained damage.

HUMANITARIAN OPERATION

- 148** UN staff killed: UNRWA: **146**; WHO: **1**; UNDP: **1**
- At least **337** health workers killed
- 45** Civil Defence killed while on duty
- 117** Journalists killed

MOVEMENT AND ACCESS

- Due to security incidents since its opening on 17 December, aid through Kerem Shalom was suspended between 25 and 28 December, but resumed on 29 December. All other Israeli-controlled crossings are closed.
- The Rafah crossing with Egypt is open for approved goods, and for the movement of some wounded and sick people, and aid workers.
- Access to the sea and to areas near Israel's perimeter fence is restricted.

- 122** ambulances damaged
- 20** WASH facilities damaged
- At least **3** churches and **157** mosques damaged

BASIC SERVICES AND LIVELIHOODS

FOOD SECURITY*

- 2.2 million** people at imminent risk of famine
- 378,000** people at Phase 5 (catastrophic levels) Phase 5 refers to extreme lack of food, starvation, and exhaustion of coping capacities.
- 939,000** people at Phase 4 (emergency levels)

*Source: IPC, 21 December

WATER AND SANITATION

- One** out of the three water pipelines coming from Israel is operational.
- No Access** to clean water in the northern governorates. Fuel shortage impacts: 60 water wells, 2 desalination plants, sewage stations and pumps, wastewater treatment.

HEALTH

- Hospitals are under heavy strikes.
- 16** of Gaza's **36** hospitals are partially functional: 9 in the south and 6 in the north.

At high risk

At least **1,000** kidney failure, **>2,000** cancer patients, **130** neonates in incubators.

Critical shortages

of drugs, blood products and supplies (**Fuel at the hospitals is being severely rationed**).

EDUCATION

625K (100%) Students with no access to education.

90% of all school buildings have sustained significant damage.

HUMANITARIAN OPERATION

- 153** UN staff killed: UNRWA: **151**; WHO: **1**; UNDP: **1**
- At least **337** health workers killed
- 45** Civil Defence killed while on duty
- 117** Journalists killed

MOVEMENT AND ACCESS

- Civilian access to areas to the north of Wadi Gaza is only possible to humanitarian teams; however, in the first two weeks of 2024 the Israeli military denied the access of more than 75 per cent of missions planned to those areas.
- The Rafah crossing with Egypt and the Kerem Shalom crossing with Israel are open for the entry of approved goods.
- The Rafah crossing is also open for the movement of some wounded and sick people from Gaza to Egypt, and aid workers into and out of Gaza.
- Access to the sea and to areas near Israel's perimeter fence is prohibited.

INCOMING TRUCKLOADS

The pre-crisis average per working day in 2023 was **500 truckloads, including fuel**.

*GMO as of 19 Jan

DAY 109

OVERVIEW

The snapshot provides a comprehensive overview of the ongoing humanitarian crisis in Gaza as of 24 January 2024, including casualties, particularly among women and children.

Significant damage has been inflicted upon critical infrastructure and essential services, affecting people's ability to maintain their dignity and basic living standards.

This snapshot highlights reported figures on the impact of hostilities on people in Gaza, where a major humanitarian crisis has unfolded.
