Country Report on Terrorism 2023- Chapter 4 - Lebanon

Lebanon: Hizballah-dominated areas of Lebanon remained safe havens for terrorist groups. Hizballah used these areas for terrorist recruitment, training, fundraising, and financing. The Government of Lebanon did not take meaningful actions to disarm Hizballah, even though the organization's continued weapons buildup is in contravention of UNSCR 1701.

Other terrorist groups, including Hamas, Palestinian Islamic Jihad, and the Popular Front for the Liberation of Palestine, continued to operate inside Lebanon's Palestinian refugee camps, over which there was limited government control.

Lebanon's lack of a strong control regime for the storage and movement of weaponizable materials posed risks for the spread of WMDs, including for potential terrorism. In 2023 the Lebanese Armed Forces, the Internal Security Forces, and other Lebanese authorities partnered with U.S. government agencies to detect and prevent proliferation and trafficking of WMD.
