The Embassy of the Federal Democratic Republic of Ethiopia (FDRE) presents its compliments to the Royal Danish Ministry for Foreign Affairs and has the honour to inform the latter that The Federal Police Commission of the Federal Democratic Republic of Ethiopia had been informed that a few Ethiopian citizens in the Diaspora are presenting forged Federal Police Commission charges to justify their asylum case. But the reality is that the Federal Police is not charging any Ethiopian Citizen residing in the Diaspora. The Federal Police Commission is also willing to verify any such document if presented to it.

Therefore, we kindly request the esteemed Ministry if this situation is communicated to the pertinent authorities e.g. Immigration, so that the forgery can easily be unravelled.

The Embassy of the FDRE avails itself of this opportunity to renew to the Royal Danish Ministry for Foreign Affairs the assurances of its highest consideration.
