CORI Research Analysis

Date: 20 September 2013

Country: Iraq

Ref: Ira0913

Issues: COI Compilation covering incidents of sectarian violence from March 2013 to Present in Baghdad, including the neighborhoods within Baghdad in which there have been incidents of bombings and the demographic makeup (religious makeup) of these neighborhoods

CORI research analyses are prepared on the basis of publicly available information studies and commentaries and produced within a specified time frame. All sources are cited and fully referenced. Every effort has been taken to ensure accuracy and comprehensive coverage of the research issue however as Country of Origin Information (COI) is reliant on publicly available documentation there may be instances where the required information is not available. The analyses are not and do not purport to be either exhaustive with regard to conditions in the country surveyed or conclusive as to the merits of any particular claim to refugee status or asylum.
