Subject: [REDACTED] Lebanese national

Dear Ms. Juelskjaer,

I wish to take this opportunity to reply to your telefax messaged dated 17 May 1999, concerning the above-mentioned asylum-seeker. We have discussed the issue of the South Lebanon Army (SLA) with our colleagues at Headquarters.

They confirm that persons accused of belonging or collaborating with the SLA would be at risk of being charged by the Lebanese authorities for traitorous behavior. This would especially be the case if the Lebanese authorities discover that the asylum applicant in question left Lebanon via Israel, as described in the Refugee Board decision.

Please feel free to contact us for further clarification. Best regards.

Yours sincerely,

Carl Söderbergh,
Refugee Law Training Officer
